

Foundation for Veterinary Dentistry Veterinary Dental Research Grant

The Foundation for Veterinary Dentistry (FVD) announces it is seeking applicants for four research grants that will be awarded at the Annual Veterinary Dental Forum 2022 in Reno, Nevada. Research proposals on any topic relevant to veterinary dentistry, oral surgery and oral medicine are welcome, using the following format and schedule:

Application deadline June 30, 2022: (to be received no later than 11:59 PM PST)

August 31, 2022: Recommendations from the Committee will be forwarded to the FVD Board

September (TBD), 2022: Recipient(s) will be notified in writing and honored at the awards ceremony at the 36th Annual Veterinary Dental Forum in Reno/Tahoe, NV

FORMAT AND SUBMISSION OF APPLICATION:

COVER PAGE: Project title, Principle and Co-Investigator's names and contact information and a signature line below the following statement: By signing below, the Principal Investigator agrees to use the grant money provided by the FVD to complete a project as described in the project proposal, and that additional facilities, equipment and personal are available for completion of this project.

The rest of the application is to be blinded by the applicant – no names, addresses, or other identifying information included. The proposal, after removal of the cover page, will be distributed to the research grant team.

BLINDED SECTION OF THE PROPOSAL:

First section (maximum one page, not including references): Project title, introduction, and summary of project

Second section (maximum three pages, not including references): Research plan and expected duration of project. The project must be completed in time for presentation of a summary of the findings to the FVD Board prior to the Veterinary Dental Forum in 2015 with subsequent presentation/publication of the results in 2015 or 2016.

Third section (maximum two pages): Resources needed for the project. In addition to the grant, what other resources (facilities, equipment, staff, clinical cases) will be needed to successfully complete the project, and how will these resources be made available?

Fourth section (maximum one page): Budget. Describe how the grant funds will be spent. If funds are proposed to be used for personal costs, justification of the role of the individual and confirmation that this person's time cannot be funded from existing sources of funds are required.

Fifth section (maximum two pages): References.

SUBMISSION:

Submit the proposal as **two** separate Word or Acrobat (.pdf) files, one with the Cover page only and the second containing everything except the cover page. Submit the proposal via e-mail prior to the deadline:

Anson Tsugawa

FVD, Research Grant Chair

Email:

atsugawa@dogandcatdentist.com

GRANTS ACCEPTANCE CONDITIONS:

The distribution of the grant payments shall be made in installments and is subject to review by the Foundation for Veterinary Dentistry (FVD) Grant and Scholarship committee. The initial distribution will be 75% of the total grant amount funded. The last payment will be withheld by the Foundation until receipt of a complete and satisfactory progress report.

Progress reports should include a timeline for project completion, a result summary, and conclusions to date. Any limitations to completion of the work should be outlined in the progress report.

Progress reports should be submitted to the FVD Grant and Scholarship committee within (and no later than) 12 months from receiving the funds. If you have made significant progress, you are welcome to submit your progress report earlier to receive the remaining 25% of your funding.

The Foundation for Veterinary Dentistry working through the Grant and Scholarship Committee expects that a scholarly presentation at the Forum and a peer reviewed manuscript are ultimate goals of grant acceptance.

The FVD Grant and Scholarship committee will consider applications for continuations or new grants **only** if progress reports have been submitted on time and/or your FVD funded project has resulted in publication in the peer-reviewed literature.

OTHER INFORMATION:

FVD will not provide funds for “Overhead” or “Indirect Costs.”

Submissions that are received after the deadline or do not follow instructions for preparation of a blinded proposal as described above will be returned to the Principal Investigator unconsidered. This grant announcement is also available on the Foundation web page

(<https://www.veterinarydentistry.org/programs/grants-scholarships>).
